

BMC
ENERGY

COMPANY PROFILE

- BMC Energy was founded in September 2019 in Azerbaijan with the main objective of ensuring supply of necessary goods to oil and gas and construction sectors.
- Our vision is to establish sustainable partnerships with our customers and vendors and improve the competitive environment in the industry.
- We are decidedly moving forward to discover new horizons and build on mutually beneficial long-term relationships.
- Reliability, quality and stability comprise BMC Energy's main criteria for choosing its partners and suppliers.
